## PROFILE

Ömer Faruk Yorgancıoğlu was born on 2 August 1994 in Bayrampaşa, Istanbul, into a modest Turkish family. He has one younger brother, and his hometown is Kastamonu Abana. Ömer completed his primary education at Şakire Sadi Obdan Elementary School for seven years and one year at Ülkü Elementary School. He then attended Özel Ensar College, graduating with a 75% scholarship.

He subsequently gained admission to Beykent University, Faculty of Engineering and Architecture, Department of Interior Architecture, through a talent examination. His aspiration is to create designs that bring peace to the world and to become a renowned architect globally.

Ömer enjoys group activities, sports, particularly football, and has numerous amateur medals in football and swimming. He has played in super amateur leagues for many years. In addition to his academic pursuits, Ömer enjoys swimming, playing chess, reading books, and drawing. His preferred literary work is Stefan Zweig's Chess, while

his preferred cinematic work is Will Smith's I Am Legend. Ömer is an avid anime enthusiast, with Steins;Gate being his preferred anime series.

He is a man of strong character and unwavering resolve, even in the face of fatigue. A

significant portion of his life has been dedicated to work. He has been employed by his father's insurance company since childhood. Ömer's professional interests extend beyond interior architecture to include beekeeping, real estate, social media consultancy, and insurance. He has consolidated these ventures under the umbrella of the Yorgancıoğlu Group Real Estate, which includes Yoofy Interior Design & Art, Baldanana Beekeeping & Honey Products, Yorgancıoğlu Painting Carpet, and Yorgancıoğlu Insurance.

Ömer completed his military service as a reserve officer between 2020 and 2021. He undertook his officer training in İzmir Narlıdere and served in Kırklareli Pınarhisar.

His lifelong passion for interior architecture has been a driving force throughout his career. He continues to develop his skills and aims to integrate new trends into his projects. The saying "What we know is a drop, what we don't know is an ocean" resonates deeply with him, symbolising his lifelong passion for learning.
